FOREVER·NU™

PLASTIC LUMBER

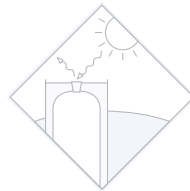

We give recycled plastic a good name.

Forever-nu™ is a smart alternative to wood. It's purest-grade HDPE recycled plastic, making it low-maintenance as well as rot and insect-free, unlike many composites. Choose from 100 color combinations to match your environment and perform in it.

ALL SEASON

Suitable for all climates, stands up to rain, snow, wind, salt spray, and sunlight—leave outdoors all-year.

UV INHIBITORS

Added to plastic to prevent fading and keep colors vibrant for decades on end.

RECYCLED

Comprised of purest-grade HDPE recycled plastic

HOW DOES FOREVER·NU™ LUMBER STACK UP?

FOREVER·NU VS OTHER MATERIALS	WOOD	ALUMINUM	STEEL	POLYSTYRENE	WICKER	WROUGHT IRON	CONCRETE

OUR MISSION

Ensuring sustainability for generations to come.

We take pride in the fact that our bins and furnishings are all made from recycled HDPE plastic. The simple act of recycling plastic not only prevents it from ending up in a landfill or waterways, it adds to an extraordinary journey—allowing others to join a common goal of saving the planet.

For over 25 years, we have worked with some of the best brands in the world, contributing to their sustainability goals. Now we have set the bar even higher by doing our part to help the planet by manufacturing bins made with Forever-nu™ Lumber, diverting plastics from landfills and oceans.

Forever-nu™ Lumber
Purest-Grade HDPE Recycled Plastic

SUSTAINABLE PRACTICES

Doing Our Part

Our sustainability goals are only as good from the start of the journey. Here is how we contribute towards a greener company.

CLOSING THE LOOP

Because the purity of Forever-nu Lumber allows it to be recycled again and again, our manufacturing team purposefully collects all scrap material to be repurposed for future products.

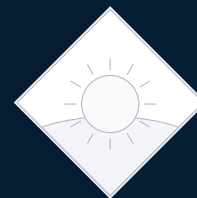

GREEN-CIRCLE CERTIFIED

Products built with Forever-nu Lumber™ are made of purest-grade HDPE recycled plastic and may contribute to LEED® goals under MR 4.1 and MR 4.2.

LOCALLY SOURCED

60% of our raw materials are sourced from within a 200-mile radius of our facility in Sussex, Wisconsin.

PROTECT RESOURCES

To promote sustainable forest management, SFI Certified paper is used in our office for order processing and administration purposes.
